

SEP 15 1952

MEMORANDUM FOR: ✓ Chief, D/R
Chief, Geographic Research
Chief, D/S
Chief, D/GG
Chief, Communications Branch, D/S

SUBJECT : Exact Location of USSR Submarine Communication Cables;
Information Concerning

REFERENCE : (1) ONI OP-322Y2 F/CRH Serial 000763P32, 25 August 1952
and Enclosures 1 and 2
(2) Memo to DNI from AD/RR, subject as above, dated 15
September 1952

1. Items (a), (b), and (c) of enclosure (1) to reference (1) are considered to be items of primary responsibility of S/Com. Items (d), (e), (f), (g), and (i) are considered to belong in the realm of D/GG. Item (h) is of mutual concern.

2. Responsibility for putting out the report is therefore assigned jointly between D/G and S/COM. In order to focus responsibility for the actual production of the work in one office, D/G is designated responsible division, primarily because so much of the data requested contains specific physical details and is capable of being shown in tabular or graphic form.

3. After proper coordination with ONI's nominee, responsible branches, together with D/R, will formulate the detailed project initiation statement including as early a deadline as practicable.

4. Immediate coordination with St/C is directed so that requirements for further field collection may go out as soon as the absence of information is determined without waiting for the final comprehensive report to be prepared.
